

# Your Story: Sharp Glass

## About Us

At Sharp Glass, our knowledge, expertise and our long-standing reputation to do the job right first time has been shared through several generations, so customers can be assured that they will get the right advice and professional quality service every time. Our Canterbury Trusted award reflects alignment with and celebrates this reputation.

### **Daniel Moore, Managing Director**

“What has impressed me the most with the initiative is the thoroughness of the audit and investigation into all aspects of the business. Not just its financial viability but the values and the “how” the business is run, through conversations with customers, suppliers and team members.

This convinced me that not only are you aligning with Business Canterbury, you are joining with other similar minded business owners and businesses that want to succeed but success whilst doing things the right way”
